Ralph Howe Ministries:

Ralph Howe, along with his wife Louise, founded the work now known as The Sanctuary, in the city of Regina, Sk., Canada in February of 1980. He still ministers at The Sanctuary on a casual basis although now released to minister full time in his calling as an apostle to the Church.

As well, Ralph is the founder and apostolic overseer of Life Builders Network. This apostolic-prophetic network of churches and ministries believes that God is moving today to reintroduce the ministry of apostles and prophets to His Church. With the belief that the ministry roles of apostle and prophet are absolutely necessary for a healthy foundation (Ephesians 2:20) and for the Church to fulfill her calling of reaching the lost this Network of churches works at being a "net that works". He ministers regularly in the churches connected to this Network.

Ralph also ministers in Ukraine, Belarus, Kazakhstan, Russia, the United States and throughout Canada where he teaches in leadership schools training and equipping young pastors as well as ministering in local churches. He has been instrumental in helping to plant a number of new churches in these nations.

Ralph is an anointed apostle and teacher in the Body of Christ. As well, he has a mature prophetic gifting that ministers healing and releases life and ministry giftings as he speaks God's heart to the people and reveals God's plans and purposes for individuals and churches. He ministers powerfully through the gifts of the Spirit and people are saved, healed, delivered, baptized in the Holy Spirit, and released into their callings and giftings wherever he

Regina Campus

Our Vision

Global Discipleship Schools is a school geared to develop disciples around the globe who love and follow Jesus as well as minister in His name, both in their own neighbourhood as well as in other nations.

Global Discipleship Schools International can be taken by correspondence (either through the mail or the internet) or by attending a campus that is functioning in your area. There is a campus in the Regina area that is connected to The Sanctuary Church www.thesanctuaryregina.com.

The cost is the same regardless of how you take the classes, however we encourage students to become involved in person, if at all possible, because of the tremendous value of interacting with others.

Because of the way Global Discipleship functions, you don't have to relocate, leave your job or your family; nor do you accumulate a large "student debt". Our program allows you to "pay as you learn" and *finish debt free*.

Graduates from the four levels of training can find licensing through Life Builders Network www.lifebuildersnetwork.org, 'An Apostolic -Prophetic Network of Churches and Ministries Serving the Lord Jesus.'

Global Discipleship Schools International is a member of this association.

How Does it Work?

New students are welcome to join Global Discipleship Schools International during any 'Live Weekend' session. These sessions always happen at the start of a new topic and run on a Friday evening and all day Saturday.

Each topic is a separate unit of study and lasts for eight weeks. After the 'Live Weekend' of teachings and ministry, the students have a series of CD's and a text to work through as well as one or more books of the Bible to read and interact with. Also, each study section involves reading a biography of a "saint" who is well known and whose life touched others for Jesus.

The students meet one evening a week to discuss what they are studying, to ask questions, and to develop a deeper understanding of the material that they are reading and working through. This weekly "Cluster" helps keep the student accountable and on track with their studies.

There are *ten study sections* of study in the first level of Global Discipleship Schools International (see the list on the flip side of the pamphlet).

After completing this first level of study students may continue in Global Discipleship Schools International on Level Two. This level also contains ten study sections.

The average "work at home" time involvement per week for a level one student is approximately 8 hours.
